

malteplorer Toyota

Land Cruiser, Series 7 extended wheelbase

Based on a completely restored Toyota Land Cruiser chassis from the early 1990s, we created the malteplorer Toyota Land Cruiser Series 7 with extended wheel base. This unique expedition vehicle has been re-cognized as the most reliable off-road vehicle ever built and is one of the purest ways of traveling the world.

The carbon fiber expedition cabin comes fully equipped with a scree-

ned-in pop up roof and upper sleeping compartment. This model also features a lower "flip over" sleeping bunk inside the cabin, useful for heavy rains and extreme temperatures. There is an indoor shower and toilet and a full kitchenette with sink, refrigerator, two burner propane cooktop, and plenty of storage.

Specifications:

- Model: Toyota 80 series chassis
- Year: 1992
- Color: steel grey
- Engine: 4.2 Turbo diesel
- Transmission: 5 speed manual
- Suspension: ridged axles, coil springs
